How ownership works

- Freehold title, not a unit title. Each owner holds its own lot plus a 1/14 share of the common lot (driveways and common areas).
- Every owner is a member of Nikau Junction Incorporated, the owners association, managed by Crockers Body Corporate Management.
- The association arranges group insurance over all buildings, and maintains the common areas and building exteriors.
- A registered land covenant sets the rules: commercial and light industrial use only, no residential use, and tenants must comply.

Location Summary

Nikau Junction sits on an elevated site on Te Tupe Road, Paraparaumu, beside the old State Highway 1 and near Boat City. Coastlands Shopping Town, the Paraparaumu town centre and the main transport hub are a few minutes away, with easy access to the Kapiti Expressway.

The Kapiti Coast district is forecast to grow by approximately 30,000 people to over 85,000 by 2050. Transmission Gully has shortened commute times to Wellington, and Infometrics provisionally estimates Kapiti GDP growth of 1.5% in the year to June 2026, ahead of the wider Wellington region (0.8%).
